DONATION MAIL AUCTION RESULTS: A1?

WELCOME NEWEST COLUMNIST: Although an occasional contributor in the past LOU VESH has submitted his first of many columns for this issue. The title of Lou's articles is "MY WOODEN NICKEL'S WORTH." As I stated last month Lou will be sending in short articles from time to time. His ongoing contribution is greatly appreciated and certainly adds to Timber Talk.

CHRISTMAS WOODS: A number of manufactures make Christmas wood. The last four pages of this issue describe those made by John Lawrence. This is the one listing I have received. This week I received a telephone call from Jim Deluney and he advises that he now can print flat Christmas wood on a veneer. He is sending information and it will be published next issue. I understand a few of the Ontario gang have already had some woods printed for Christmas by Jim.

ANY NEW WOODS? The Fall Coin Show season is now upon us. Is anyone aware of woods being issued? Or how about any other woods? The 'New Issues' write up has been dismal since the CNA Convention. (The woods at the Convention will be shown as soon as possible.)

FREE WOOD OF THE MONTH: Special thanks goes out this month to Russ Brown for his kind donation to the members of CAWMC. The following wood is printed in black.

MY WOODEN NICKEL'S WORTH by Lou Vesh

The expression, "my two cents worth", seemed rather out of place in a newsletter of this nature so I converted the two cents to a wooden nickel and used that to head up this and future blurbs that I might come up with.

It is my intention to send our worthy editor of Timber Talk a "column" of a few lines from time to time. Nothing too lengthy but just a comment or two to fill in some space. It might be something complimentary, like kudos to John Brennan of Ottawa and Jim Deluney of Angus for John's recent issue of a wood touting the tulips of Ottawa. What a striking piece of work! Or I might like to report on what a great time our group had at the C.N.A. in Quebec City this year. The strictly unilingual signs puzzled me in more ways than one though. Is it to add authenticity to the historic atmosphere of the city or is there a different message there? I hasten to add that the local people strived to communicate with us at all times and that courtesy prevailed everywhere.

This might also be a good spot to report on a new wood as shown at right. I am assuming that it is new as I do not recall seeing it before. It comes from London, Ont. and, at last report, is readily available at a cost of 25¢ each to anyone visiting the Fanshawe Pioneer Village there.

BEAUTIFUL WOOD: John Brennan of Ottawa made 100 of the following wood. The flowers are all beautifully colored. John advises atthat they have all been distibuted.

RE: CHRISTMAS WOOD: The next pages contains designs of John's wood and the ordering information is on the last page. Remember the ordering deadline is NOVEMBER 15.

ARTICLES: If you have an article for Timber Talk please send it to the Editor. It only takes a few minutes to sit down and write a few lines - about anything wood. Why not give it a try?

So long until next month.
